**TCHILLBAG – THE SMART ICE BUCKET**

The must-have accessory for 2009 is the very sleek and very sexy tchillbag (pronounce chillbag), a Smart Ice Bucket and gift bag all in one.

Whether it's for indoors or out, for chilling or serving, the light-weight tchillbag is the ideal accessory for a picnic in the park, a dinner at a restaurant, a bbq with friends or as the perfect gift bag for that special celebratory champagne.

Simply put in your chosen bottle and pad out the tchillbag with fresh water and ice cubes, et voila! You now have a portable ice bucket!

Unlike any product on the market, the tchillbag contains a special stiffening agent in its durable PVC that reacts with ice and water to create a solid, watertight bag that won't topple over when filled, and can be folded away into your handbag when you're finished with it.
